Ok, thanks. I will remove the regulation from the EIR since it does not apply to the project.

Donna,

We are not receiving any federal funds for the project, nor is it located on any federal lands. AKA No Federal Nexus.

Pat –

I am working on the cultural chapter of the EIR and have a quick question. Under the Regulatory Setting/Federal Regulations, the National Historic Preservation Act is described as a regulation that applies to the project. In order for this regulation to apply, the project must either be on Federal lands in part or receive federal funding. Can you tell which of the two applies to the project. If neither applies, the regulation would not apply.

Thanks,

Donna Beddow
